

*An Ode to Janet on Her Fiftieth Birthday
(even though no one can believe it)*

*Let's all think back to 1953,
(Fifty years ago, can it be?)
On an island surrounded by ocean blue
Our friend Janet made her debut.*

*Over the 50 years that have passed
Many passport stamps has she amassed
Traveling the world from here to there
Visiting almost everywhere*

*She hooked up with Lars in NYC
And they produced a family,
Daughters Erica and Jannine
Whom their parents think are really keen.*

*But let's fete Janet, it's her day
She's in great shape, wouldn't you say?
We're just a little jealous (maybe plenty)
She's the same weight now that she was at twenty!*

*And does she look fifty, no way, dude!
(Must be all of that healthy food).
Cleaning till everything is spic 'n' span
Is part of our Janet's exercise plan.*

*Hurrah, huzzah, let's all have fun
And let Janet know she's number one.
So give three cheers, hip hip hooray
And let's all party the night away!*
